## Purchase Information

### HOW TO ORDER

You may place your order by filling in the order form attached. When you place your order, we will issue you with an order number by email.

We will confirm acceptance of your order when we send you an email confirming shipment of the goods you have ordered. If we cannot process or accept your order after payment is received we will contact you by email or telephone.

Orders Forms can be faxed to +61 (2) 9310 7232 or email to [sales@elastagen.com](mailto:sales@elastagen.com). Refer to the Terms and Conditions available on the website or by contacting Elastagen.

### PAYMENT OPTIONS

Payment may be made securely online by Paypal; or by Electronic Funds Transfer (EFT) if preferred. EFT details can be provided by fax or email. If payment is made by EFT, please fax confirmation to Elastagen on +61 (2) 9310 7232 or email a copy to [sales@elastagen.com](mailto:sales@elastagen.com).

### PRICING

Listed on the website will be **inc GST (for Australian customers)** and **ex GST (for non Australian customers)** prices.

### QUALITY CONTROL DOCUMENTATION

All orders are supplied with the following information:

#### 1. A Materials Safety Data Sheet (MSDS)

This data sheet provides details regarding the safety procedures to be used in the case of either spillage, ingestion or inhalation of the product.

#### 2. A Certificate of Analysis Sheet (C of A)

The C of A provides an analysis of the product, thus indicating the, purity (%), related species (%), endotoxin (EU/mg) and host cell protein (ppm). This will be provided with the goods purchased or by contacting Elastagen on [sales@elastagen.com](mailto:sales@elastagen.com).

#### 3. Product Information Sheet (PIS)

This information sheet provides details regarding the handling and storage conditions of the products.

#### 4. Labelling requirements

Each Laboratory Reagent is labelled as follows;

- a. The Name of the laboratory reagent
- b. The Product Code
- c. The Batch Number
- d. The Manufacture Date
- e. The Pack Size, expressed in milligrams.
